

Inpatient Rehabilitation Unit

October 2016 – September 2017 Outcomes

The Annual Report

The Rehab Unit at JNMC is proud to provide you with our 2017 Annual Report Card. We hope you will take a moment to review this information and share it with others.

Customer Satisfaction

The satisfaction of our patients and their families, our physicians, and our payers is very important to us. This year we have continued to achieve excellent results from our various surveys and sources.

What's New?

We have Certified Stroke Therapists on our team, bringing to our unit to an even higher level of quality care and expertise.

Length of Stay: 11.5 days **National Average:** 13.0 days

This describes the average number of days spent on our unit.

Performance:

- Our patients are **87% satisfied** with their progress and the goals they achieved during their stay.
- **96.2%** of patients felt our program adequately prepared them to return home after discharge. **96.9%** felt the program improved their quality of life.
- **3 Hour Rule: 94%** - This describes how often patients receive a minimum of 3 hours of therapy per day, 6 days per week.

Overall Patient Satisfaction: 94%

This describes the percentage of patients rating their services as excellent.

Discharge to Community: 81% **National Average:** 78%

This describes the number of patients that return to live in the community after discharge from our program. 12.4% returned to an acute setting & 7.5% required longer term placement.
