

HECTOR CHAVEZ, M.D.
Medical Director
Pediatric Emergency Services
Jackson Health System

Hector Chavez, MD was born in Managua Nicaragua and moved to US at the age of 12. He attended Florida International University where he obtained a BS in Biology which was followed by a Medical Degree from the University of South Florida in Tampa, Florida.

The next three years were spent in Saint Petersburg Florida at All Children's Hospital where he completed a residency in General Pediatrics. Dr. Chavez continued with a three year fellowship in Pediatric Emergency Medicine at University of Minnesota.

Dr. Chavez has worked in various South Florida hospitals as a Pediatric ED attending since finishing his fellowship. These include Joe DiMaggio Children's Hospital, Baptist Children's Hospital, and Holtz Children's hospital at Jackson Memorial, where he currently works as the Associate Medical Director of the Pediatric Emergency Department.

Miracles
made daily.
