

Jackson Health System Miracle-Building Bond Program

Building For Our Future

In early November 2013, more than 65 percent of Miami-Dade County voters supported Jackson's new bond program. We couldn't have achieved this great milestone without the public's overwhelming belief in our mission and vision.

Through our 10-Year Capital Plan, Jackson will invest \$1.5 billion to build new facilities and renovate existing structures. This plan includes \$830 million from the Jackson Miracle-Building Bond, as well as the reinvestment of cash earned by the health system. And, in the next several years, Jackson will launch a number of major projects to upgrade our facilities and expand Jackson's footprint throughout the county.

"Jackson's future has never been brighter, and there's never been a better time to become part of our family."

Carlos A. Migoya, President & CEO, Jackson Health System

System Capital Plan

- 200+ Projects
- \$1.5 Billion
- 10 Years
- 3 Campuses and Offsite

Miracles
made daily.

Jackson
HEALTH SYSTEM

What does the 10-Year Capital Plan mean for local small businesses?

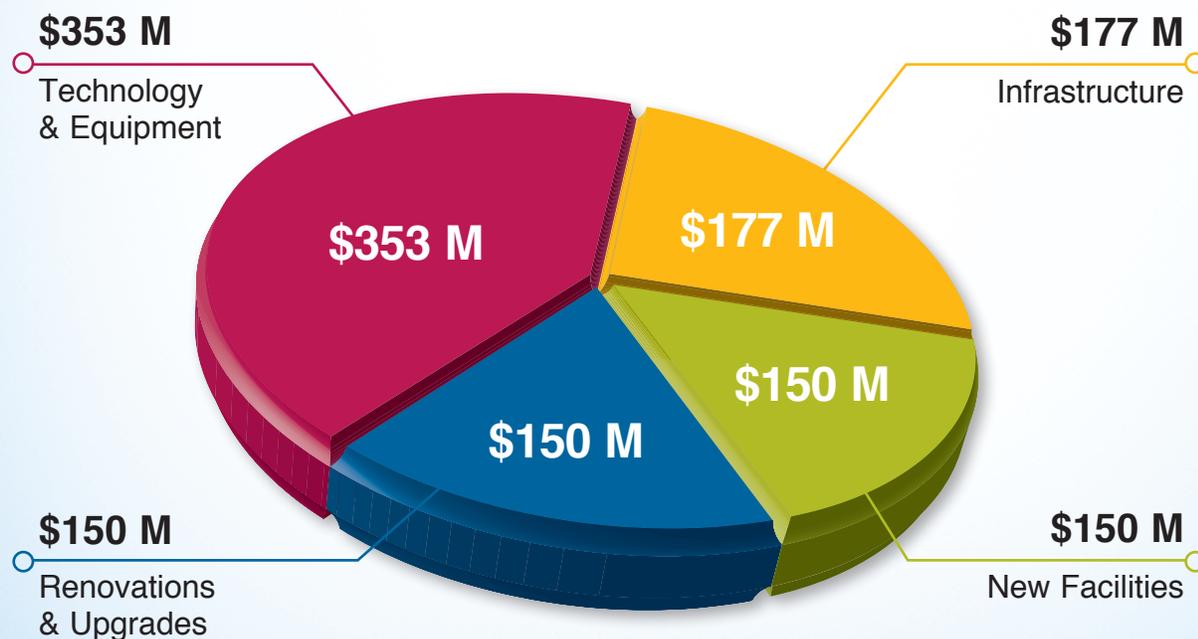

There are more opportunities to work with Jackson. Planned initiatives include:

- Modernizing all of our facilities to continue our mission to provide a high standard of care to all patients.
- Renovating patient units, emergency rooms, and operating rooms.
- Building several urgent-care centers in Miami-Dade County.
- Constructing a new children's ambulatory center and a free-standing emergency room facility in Doral.
- Building a new world-class rehabilitation hospital.
- Making significant investments in equipment and IT systems.

This is a new era for Jackson Health System – one that we want to ensure will create new opportunities for local small businesses. We are committed to supporting our community's economic development. Jackson's Small Business Program gives certified small business enterprises* the opportunity to gain additional experience, knowledge, and resources necessary to help them succeed.
